HOFFMAN'S

LANCASTER COUNTY SEED WHEAT

has been paying crop dividends in EXTRA YIELDS

From one of the earliest wheat booklets written by Mr. A. H. Hoffman over 40 years ago—shortly after he had founded this seed business:

“Our location is in the famous wheat belt of Lancaster County, Pennsylvania, rightfully named ‘The garden spot of the world’ . . . adapted to the production of hardy and vigorous Seed Wheat. In these soils, with proper culture and fertilization, wheat does not ‘run out.’

“Every precaution is taken to produce clean seed—on clean fields.

“Our varieties are not untried novelties, but those that have proven to be the most hardy and productive to be had.

“We sell graded seed only. Often 20 per cent of the wheat is screened out, which leaves practically nothing but plump, vigorous seed grains.

“Our prices are the lowest at which seed of equal merit can sell.”

The above facts are just as true today as 40-odd years ago.

True, new and improved varieties have been bred . . . but the aim here still is as in 1899—the best possible quality Seed Wheat. On thousands of farms, the many EXTRA bags of good wheat are repaying our friends who EVERY YEAR invest in new Hoffman Lancaster County Seed Wheat for ALL their acres.

What a pleasure to get extra bags of good wheat from your fields at harvest. EXTRA dividends with no more effort!

TIME-TESTED VARIETIES . . . RECOGNIZED QUALITY AND PURITY

Hoffman *Quality* SEED WHEAT

HOFFMAN "FARMER'S CHOICE"

TIMOTHY SEED

Plump, heavy, high-germination seed, the cream of the Timothy seed crop . . . cleaned so thoroughly that the average of tests runs 99 3/4 % or better purity. Free of noxious weeds.

Excellent seed is the foundation for excellent crops. Buy the seed that has proved its ability to give top results—Hoffman "Farmer's Choice" Timothy.

HOFFMAN "WONG" BARLEY

Hoffman has sound "Wong" seed barley for you, from selected fields. It is thoroughly cleaned by the special Hoffman cleaning process, treated with Certisan, and tested for germination. On orders for Certified seed, after Certified stocks are all sold, we will substitute high quality Wong-type seed, unless otherwise instructed.

HOFFMAN WINTER RYE

Stocks are limited. This Hoffman "Mammoth Winter" type is closely graded, cleaned free of foul weeds, sound growth. Consult Price List and order early.

GRASS SEEDS

Folks needing pasture grass seeds for fall use will please consult Price List for strictly high quality seeds.

HOFFMAN ALFALFA

Good, hardy, U. S. Verified Origin Alfalfa is available at a saving compared to last year's costs. Consult Price List.

For

TOP QUALITY SEED

that assures bigger and better crops, depend on Hoffman quality Lancaster County Seed Wheat—

ORDER TODAY

With transportation delays still possible . . . with market trends in general still on the rise . . . seems like there's nothing to be gained by delaying seed orders. Order today, and have your seed on hand when you have your ground ready to sow. It will pay—in every way—to order now.

A. H. HOFFMAN, INC.
LANDISVILLE (Lancaster County), PA.

High-Quality Seeds Since 1899

HOFFMAN "THORNE" WHEAT

comes from clean fields—has been thoroughly cleaned here in our warehouse. This careful cleaning represents a saving in seed cost to Hoffman customers because less bushels of seed are necessary—1 3/4 bu. per acre is heavy enough. Take this into consideration when you are looking at the Price List. And always remember, too, our Bag Free, Freight Paid offers.

Whether Certified seed or not, this Hoffman "Thorne" wheat represents good top-quality seed. Demand is heavy. Orders calling for Certified seed will be filled until Certified stocks are exhausted, then with un-certified. Be assured of strictly high quality, dependable seed in either case.

Order at once . . . today! Give yourself plenty of time for your seed to arrive . . . transportation service is still far below normal.

HOFFMAN "LEAP'S PROLIFIC" WHEAT

"Leap's Prolific" has deep roots, extra-stooling ability and is stubbornly resistant to winter-kill. Is early—ready for the binder or combine ahead of many other wheats. Produces good-sized beardless heads of hard grain. Doesn't shell out easily at harvest.

Hoffman "Leap's Prolific" seed is well cleaned. Both Certified and un-certified seed now in stock . . . either will serve you well.

RESERVE YOUR FUNK "G" HYBRID FOR 1948

To be sure of the hybrid corn you want for next year, why not send your RESERVE ORDER for Funk "G" Hybrid along with your seed wheat order? No deposit or down payment required. The supply of certain "G" hybrids will probably again be too limited to take care of the demand . . . avoid disappointment—reserve your seed corn NOW.

Very popular Beardless strain. Outstanding yielder. Good-size grain, medium-length heads. Chaff is red. Straw stiff, thick-walled. Sow 1 3/4 bu. per acre.

Every year brings a host of fine reports of yields from Hoffman "Thorne" wheat. This year, from widely scattered sections, come reports of 46-bushel yields: 41 bushels, 42 bushels, 44 bushels per acre. These men KNOW what the EXTRA VIGOR of Hoffman "Thorne" means to them in terms of EXTRA PROFITS from each acre.

"Thorne" does not shell out easily when handling, compared with many other wheats. It is remarkable in this respect. It stools well, with a far-reaching, vigorous root system.

Grain is of excellent milling and feeding quality. Straw is thick-walled and stiff, tall. Hoffman Lancaster County "Thorne" seed

Extra-Stooling, High-Producing, white chaffed, Beardless wheat. Straw long and stiff. Ripens early. Sow 1 1/2 to 1 3/4 bu. per acre.

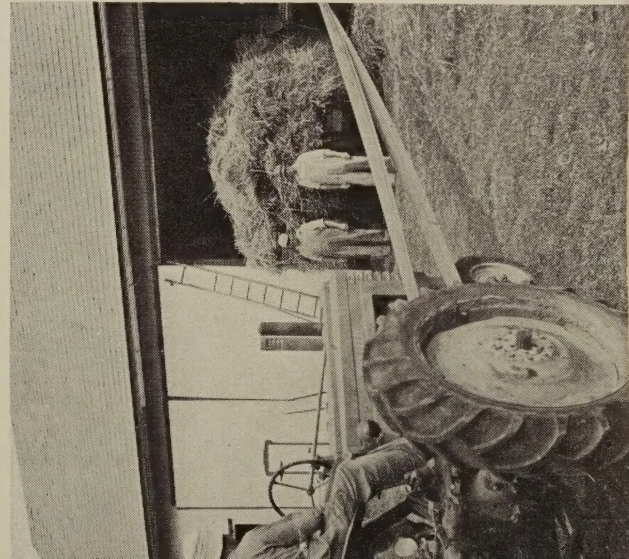

For over 30 years, "Leap's Prolific" has been the old reliable standard wheat in many areas. It has the ability to make good crops on practically any kind of soil . . . high land or low land . . . clay, loam, gravel or slate.

HOFFMAN "PENNSYLVANIA 44" WHEAT

Also sometimes known as "Nittany." The most popular bearded wheat of the East. A bearded wheat with white chaff enclosing hard red grains. Does well on many of the poorer soil types. Good stooler. Long straw. Very hardy; is resistant to extreme winters. Good-sized, well-filled heads. Kernels of good milling qualities. Supply of both Certified and un-certified seed is limited—early orders urged.

All Hoffman Wheats are:

High producing and extra stooling, cleaned right, true-to-type, hardy, and extra vigorous.
